

2024 Membership Form – Player

Player eligibility for membership to Blind Golf Canada is determined by legal blindness; defined as 20/200 or worse in the better eye with best correction and/or having a field of vision that is less than 20 degrees in the better eye. Holding membership within BGC does not automatically entitle you to partake in all tournaments sanctioned and hosted by BGC and/or the IBGA. Please refer to IBGA and BGC Bylaws as they pertain to sight categories and a participant's eligibility.

If you are a first time or new member applying for membership to Blind Golf Canada, your membership form and \$75 cheque must be accompanied by an official eye report from your Optometrist or Ophthalmologist (not older than two years) and/or a photocopy of your current and valid CNIB identification card.

I understand that Blind Golf Canada and/or the IBGA maintains the right to request any additional sight verification, or information, at any time and/or prior to participation in specific tournaments.
